Rubber — Measurement of vulcanization characteristics using curemeters

Part 2: Oscillating disc curemeter

National foreword

This British Standard is the UK implementation of ISO 6502-2:2018. It supersedes BS ISO 3417:2008, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/22, Testing and analysis of rubber.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
