Particle size analysis — Small angle X-ray scattering (SAXS)

National foreword

This British Standard is the UK implementation of [ISO 17867:2020](#). It supersedes [BS ISO 17867:2015](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee LBI/37, Particle characterization including sieving.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
