

Methods of testing

Plastics

Part 4. Chemical properties

**Method 432D. Determination of styrene
evaporation from unsaturated polyester
resins**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/40, Thermosetting resins, prepregs and moulding compounds, upon which the following bodies were represented:

- BEAMA Ltd.
- British Plastics Federation
- Chemical Industries Association
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- European Resin Manufacturers' Association
- Ministry of Defence
- RAPRA Technology Ltd.

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 August 1995
