FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO Member Bodies). The work of developing International Standards is carried out through ISO Technical Committees. Every Member Body interested in a subject for which a Technical Committee has been set up has the right to be represented on that Committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the Technical Committees are circulated to the Member Bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 657/V was drawn up by Technical Committee ISO/TC 17, *Steel*, and was circulated to the Member Bodies in March 1975.

It has been approved by the Member Bodies of the following countries :

Austria	Hungary	Portugal
Brazil	India	Romania
Bulgaria	Iran	South Africa, Rep. of
Chile	Ireland	Spain
Czechoslovakia	Italy	Sweden
Denmark	Mexico	Switzerland
Egypt, Arab Rep. of	Netherlands	Turkey
Finland	New Zealand	United Kingdom
France	Norway	U.S.S.R.
Germany	Poland	Yugoslavia

The Member Bodies of the following countries expressed disapproval of the document on technical grounds :

Austria	Canada	U.S.A.
Belgium	Japan
