Date of Issuance: October 14, 2011

ITSDF issues written replies to inquiries concerning interpretations of technical aspects of this Standard. Interpretations are published on the ITSDF Web site at <http://www.itsdf.org> as they are issued, and will also be published within the next edition of the Standard.

ITSDF is the registered trademark of Industrial Truck Standards Development Foundation.

This code or standard was developed under procedures accredited as meeting the criteria for American National Standards. The Standards Committee that approved the code or standard was balanced to assure that individuals from competent and concerned interests have had an opportunity to participate. The proposed code or standard was made available for public review and comment that provides an opportunity for additional public input from industry, academia, regulatory agencies, and the public-at-large.

ITSDF does not “approve,” “rate,” or “endorse” any item, construction, proprietary device, or activity.

ITSDF does not take any position with respect to the validity of any patent rights asserted in connection with any items mentioned in this document, and does not undertake to insure anyone utilizing a standard against liability for infringement of any applicable letters patent, nor assume any such liability. Users of a code or standard are expressly advised that determination of the validity of any such patent rights, and the risk of infringement of such rights, is entirely their own responsibility.

Participation by federal agency representative(s) or person(s) affiliated with industry is not to be interpreted as government or industry endorsement of this code or standard.

ITSDF accepts responsibility for only those interpretations of this document issued in accordance with the established ITSDF procedures and policies, which precludes the issuance of interpretations by individuals.
