

## Stainless steel tubes

Dimensions, tolerances and conventional masses per unit length  
(ISO 1127:1992)

English version of DIN EN ISO 1127

DIN

EN ISO 1127

ICS 23.040.11

Descriptors: Steel pipes; dimensions.

Nichtrostende Stahlrohre – Maße, Grenzabmaße und längenbezogene Masse  
(ISO 1127:1992)Supersedes  
DIN 2462-1 and  
DIN 2463-1, March  
1981 edition, and  
May 1995 edition.**European Standard EN ISO 1127:1996 has the status of a DIN Standard.**

A comma is used as the decimal marker.

**National foreword**

This standard has been published in accordance with a decision taken by ECISS/TC 28 to adopt, with a few alterations, International Standard ISO 1127 as a European Standard.

The responsible German body involved in its preparation was the *Normenausschuß Eisen und Stahl* (Steel and Iron Standards Committee).**Amendments**

In comparison with DIN 2462-1 and DIN 2463-1, March 1981 editions, the following amendments have been made:

- a) The specifications for seamless and welded pipes have been combined.
- b) Tolerances on the pipe length are no longer specified.
- c) Tolerances on the outside diameter and wall thickness have been changed.
- d) An outside diameter of 12,7 mm has been included.

In comparison with DIN EN ISO 1127, May 1996 edition, a printing error in the German version has been corrected (i.e. no amendment has been made to the English version).

**Previous editions**

DIN 2462-1: 1989-03, 1981-03, DIN 2463-1: 1989-03, 1981-03, DIN EN ISO 1127: 1996-05.

EN comprises 6 pages.

ICS 73 043 10

Descriptors: Steel, pipes, dimensions.

**Stainless steel tubes**

Dimensions, tolerances and conventional masses per unit length  
(ISO 1127:1992)

Tubes en acier inoxydable – Dimensions,  
tolérances et masses linéaires  
conventionnelles (ISO 1127:1992)

Nichtrostende Stahlrohre – Maße, Grenz-  
abmaße und längenbezogene Massen  
(ISO 1127:1992)

This European Standard was approved by CEN on 1992-09-16 and is identical to the ISO Standard as referred to.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographies concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official version.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.
