

STANDARD

ANSI/ASHRAE Standard 55-2020

(Supersedes ANSI/ASHRAE Standard 55-2017)

Includes ANSI/ASHRAE addenda listed in Appendix N

Thermal Environmental Conditions for Human Occupancy

See Appendix N for ASHRAE and American National Standards Institute approval dates.

This Standard is under continuous maintenance by a Standing Standard Project Committee (SSPC) for which the Standards Committee has established a documented program for regular publication of addenda or revisions, including procedures for timely, documented, consensus action on requests for change to any part of the Standard. Instructions for how to submit a change can be found on the ASHRAE® website (<https://www.ashrae.org/continuous-maintenance>).

The latest edition of an ASHRAE Standard may be purchased from the ASHRAE website (www.ashrae.org) or from ASHRAE Customer Service, 180 Technology Parkway NW, Peachtree Corners, GA 30092. E-mail: orders@ashrae.org. Fax: 678-539-2129. Telephone: 404-636-8400 (worldwide), or toll free 1-800-527-4723 (for orders in US and Canada). For reprint permission, go to www.ashrae.org/permissions.

SPECIAL NOTE

This American National Standard (ANS) is a national voluntary consensus Standard developed under the auspices of ASHRAE. *Consensus* is defined by the American National Standards Institute (ANSI), of which ASHRAE is a member and which has approved this Standard as an ANS, as "substantial agreement reached by directly and materially affected interest categories. This signifies the concurrence of more than a simple majority, but not necessarily unanimity. Consensus requires that all views and objections be considered, and that an effort be made toward their resolution." Compliance with this Standard is voluntary until and unless a legal jurisdiction makes compliance mandatory through legislation.

ASHRAE obtains consensus through participation of its national and international members, associated societies, and public review.

ASHRAE Standards are prepared by a Project Committee appointed specifically for the purpose of writing the Standard. The Project Committee Chair and Vice-Chair must be members of ASHRAE; while other committee members may or may not be ASHRAE members, all must be technically qualified in the subject area of the Standard. Every effort is made to balance the concerned interests on all Project Committees.

The Senior Manager of Standards of ASHRAE should be contacted for

- a. interpretation of the contents of this Standard,
- b. participation in the next review of the Standard,
- c. offering constructive criticism for improving the Standard, or
- d. permission to reprint portions of the Standard.

DISCLAIMER

ASHRAE uses its best efforts to promulgate Standards and Guidelines for the benefit of the public in light of available information and accepted industry practices. However, ASHRAE does not guarantee, certify, or assure the safety or performance of any products, components, or systems tested, installed, or operated in accordance with ASHRAE's Standards or Guidelines or that any tests conducted under its Standards or Guidelines will be nonhazardous or free from risk.

ASHRAE INDUSTRIAL ADVERTISING POLICY ON STANDARDS

ASHRAE Standards and Guidelines are established to assist industry and the public by offering a uniform method of testing for rating purposes, by suggesting safe practices in designing and installing equipment, by providing proper definitions of this equipment, and by providing other information that may serve to guide the industry. The creation of ASHRAE Standards and Guidelines is determined by the need for them, and conformance to them is completely voluntary.

In referring to this Standard or Guideline and in marking of equipment and in advertising, no claim shall be made, either stated or implied, that the product has been approved by ASHRAE.

CONTENTS
ANSI/ASHRAE Standard 55-2020
Thermal Environmental Conditions for Human Occupancy

SECTION	PAGE
Foreword	2
1 Purpose.....	2
2 Scope.....	2
3 Definitions	3
4 General Requirements.....	5
5 Conditions That Provide Thermal Comfort.....	6
6 Design Compliance.....	21
7 Evaluation of Comfort in Existing Buildings.....	23
8 References.....	26
Normative Appendix A: Methods for Determining Operative Temperature	27
Normative Appendix B: Computer Program for Calculation of PMV-PPD.....	28
Normative Appendix C: Procedure for Calculating Comfort Impact of Solar Gain on Occupants	30
Normative Appendix D: Procedure for Evaluating Cooling Effect of Elevated Air Speed Using SET	38
Informative Appendix E: Conditions That Provide Thermal Comfort.....	43
Informative Appendix F: Use of Metabolic Rate Data	45
Informative Appendix G: Clothing Insulation	46
Informative Appendix H: Comfort Zone Methods	48
Informative Appendix I: Local Discomfort and Variations with Time	50
Informative Appendix J: Occupant-Controlled Naturally Conditioned Spaces	55
Informative Appendix K: Sample Design Compliance Documentation.....	58
Informative Appendix L: Measurements, Surveys, and Evaluation of Comfort in Existing Spaces: Parts 1 and 2.....	61
Informative Appendix M: Informative References and Bibliography.....	70
Informative Appendix N: Addenda Description.....	74

NOTE

Approved addenda, errata, or interpretations for this standard can be downloaded free of charge from the ASHRAE website at www.ashrae.org/technology.
