UL Standard for Safety for Smoke Detectors for Fire Alarm Systems, UL 268

Seventh Edition, Dated January 11, 2016

Summary of Topics

The revisions of ANSI/UL 268 dated November 11, 2021 include the following changes:

- **Correction to Combustible Section; [31.1.2.1](#)**
- **Alternate Corrosion Test; [54.1](#)**
- **Correction of Formula in [72.2\(c\)](#)**
- **Editorial change to heading in [Table D3.1](#)**

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

The revised requirements are substantially in accordance with Proposal(s) on this subject dated July 17, 2020, January 22, 2021, and April 30, 2021.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.
