

**Biotechnology —  
Large-scale process and  
production —  
Guidance for good practice,  
procedures, training and  
control for personnel**

The European Standard EN 12307 : 1997 has the status of a  
British Standard

ICS 07.080; 07.100.99

## National foreword

This British Standard is the English language version of EN 12307 : 1997.

The UK participation in its preparation was entrusted to Technical Committee CII/58, Biotechnology, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

### Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or by using the 'Find' facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 6, an inside back cover and a back cover.

### Amendments issued since publication

Amd. No.	Date	Text affected

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 March 1998

---

ICS 07.080; 07.100.99

Descriptors: Biotechnology, good laboratory practices, work safety, accident prevention, environmental protection, hazards, contamination, micro-organisms, noxious micro-organisms, classifications, personnel, training, specifications

English version

**Biotechnology —  
Large-scale process and production —  
Guidance for good practice, procedures, training and control  
for personnel**

Biotechnologie — Procédé à grande échelle et  
production — Guide de bonnes pratiques,  
procédures, formation et contrôle pour le personnel

Biotechnik — Verfahren im Großmaßstab und  
Produktion — Leitfaden für gute Praxis,  
Arbeitsabläufe, Ausbildung und Überwachung des  
Personals

This European Standard was approved by CEN on 21 August 1997.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
