

Pigments and extenders — Methods of dispersion and assessment of dispersibility in plastics —

Part 1: General introduction

The European Standard EN 13900-1:2003 has the status of a British Standard

ICS 83.040.30

National foreword

This British Standard is the official English language version of EN 13900-1:2003.

The UK participation in its preparation was entrusted to Technical Committee STI/1, Pigments, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
