

**Design and  
manufacture of site  
built, vertical,  
cylindrical,  
flat-bottomed steel  
tanks for the storage of  
refrigerated, liquefied  
gases with operating  
temperatures between  
0 °C and –165 °C —**

**Part 3: Concrete components**

The European Standard EN 14620-3:2006 has the status of a British Standard

ICS 23.020.10

## National foreword

This British Standard was published by BSI. It is the UK implementation of EN 14620-3:2006. This standard, together with BS EN 14620-4:2006, supersedes BS 7777-3:1993 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/15, Storage tanks for the petroleum industry.

A list of organizations represented on PVE/15 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 December 2006

English Version

Design and manufacture of site built, vertical, cylindrical, flat-bottomed steel tanks for the storage of refrigerated, liquefied gases with operating temperatures between 0 °C and -165 °C -  
Part 3: Concrete components

Conception et fabrication de réservoirs en acier à fond plat, verticaux, cylindriques, construits sur site, destinés au stockage des gaz réfrigérés, liquéfiés, dont les températures de service sont comprises entre 0 °C et -165 °C - Partie 3: Constituants béton

Auslegung und Herstellung standortgefertigter, stehender, zylindrischer Flachboden-Stahl tanks für die Lagerung von tiefkalt verflüssigten Gasen bei Betriebstemperaturen zwischen 0 °C und -165 °C - Teil 3: Bauteile aus Beton

This European Standard was approved by CEN on 20 February 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
