Ref. No. ISO 2835-1974 (E)

Descriptors : printing, printing inks, tests, physical tests, colourfastness, radiation test, artificial light tests, daylight tests, radiation resistance.

FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO Member Bodies). The work of developing International Standards is carried out through ISO Technical Committees. Every Member Body interested in a subject for which a Technical Committee has been set up has the right to be represented on that Committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the Technical Committees are circulated to the Member Bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 2835 was drawn up by Technical Committee ISO/TC 130, *Graphic technology* and circulated to the Member Bodies in August 1972.

It has been approved by the Member Bodies of the following countries :

Austria	Germany	Sweden
Chile	India	Switzerland
Czechoslovakia	Ireland	Thailand
Denmark	New Zealand	Turkey
Egypt, Arab Rep. of	Romania	United Kingdom
Finland	South Africa, Rep. of	
France	Spain	

The Member Body of the following country expressed disapproval of the document on technical grounds :

Italy
