Aircraft — Ground air-conditioning connections**ERRATUM***Figure 1 and figure 2 :*

Delete the note "Axis parallel the aircraft" and substitute the following :

"Axis either :

- a) parallel with the longitudinal axis of the aircraft or
- b) parallel with the transverse axis of the aircraft, with the face of the connection in an essentially vertical plane."

Figure 2 :

In the last line of the paragraph which begins "The bayonet", delete "transverse" and substitute "vertical".
