

Australian/New Zealand Standard™

Pipelines—Gas and liquid petroleum

Part 1: Design and construction

AS/NZS 2885.1:2018

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee ME-038, Petroleum Pipelines. It was approved on behalf of the Council of Standards Australia on 31 October 2018 and by the New Zealand Standards Approval Board on 6 November 2018.

This Standard was published on 3 December 2018.

The following are represented on Committee ME-038:

APGA Research and Standards Committee
Australasian Corrosion Association
Australian Industry Group
Australian Institute of Petroleum
Australian Petroleum Production and Exploration Association
Australian Pipelines and Gas Association
Department of Mines, Industry Regulation and Safety (WA)
Department of Natural Resources, Mines and Energy (Qld)
Department of Planning and Environment (NSW)
Department of the Premier and Cabinet (SA)
Department of Primary Industry and Resources (NT)
Energy Networks Australia
Energy Safe Victoria
New Zealand Institute of Gas Engineers
Welds Australia
WorkSafe New Zealand

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.saiglobal.com or Standards New Zealand web site at www.standards.govt.nz and looking up the relevant Standard in the on-line catalogue.

For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of Standards Australia or the New Zealand Standards Executive at the address shown on the back cover.

This Standard was issued in draft form for comment as DR AS/NZS 2885.1:2017.

Australian/New Zealand Standard™

Pipelines—Gas and liquid petroleum

Part 1: Design and construction

First published in part as part of AS CB28—1972.
