Australian/New Zealand Standard®

**Timber—Glossary of terms in
timber-related Standards**

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee TM/3, Timber Grading. It was approved on behalf of the Council of Standards Australia on 25 July 1997 and on behalf of the Council of Standards New Zealand on 22 August 1997. It was published on 5 November 1997.

The following interests are represented on Committee TM/3:

CSIRO—Division of Building, Construction and Engineering
Department of Primary Industries Qld Forest Service
Housing Industry Association
Master Builders Australia
National Association of Forest Industries, Australia
New Zealand Forest Research Institute
New Zealand Timber Industry Federation
New Zealand Timber Suppliers Group
State Forests of New South Wales
University of Technology, Sydney

Review of Standards. To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
