

Australian Standard™

## Determination of tensile properties of plastics materials

### Part 4: Test conditions for isotropic and orthotropic fibre-reinforced plastic composites

[ISO title: Plastics—Determination of tensile properties, Part 4: Test conditions  
for isotropic and orthotropic fibre-reinforced plastic composites]

Standards Australia

This Australian Standard was prepared by Committee PL-010, Methods of Testing Plastics. It was approved on behalf of the Council of Standards Australia on 27 October 2000 and published on 27 February 2001.

---

The following interests are represented on Committee PL-010:

CSIRO Building, Construction and Engineering  
Plastics and Chemicals Industries Association  
Royal Australian Chemical Institute  
Telstra Corporation

---

#### **Keeping Standards up-to-date**

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Standards can be found by visiting the Standards Australia web site at [www.standards.com.au](http://www.standards.com.au) and looking up the relevant Standard in the on-line catalogue.

Alternatively, the printed Catalogue provides information current at 1 January each year, and the monthly magazine, *The Australian Standard*, has a full listing of revisions and amendments published each month.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at [mail@standards.com.au](mailto:mail@standards.com.au), or write to the Chief Executive, Standards Australia International Ltd, GPO Box 5420, Sydney, NSW 2001.

---

*This Standard was issued in draft form for comment as DR 00060.*
