

Australian Standard®

**Development, testing and  
implementation of information and  
safety symbols and symbolic signs**

This Australian Standard was prepared by Committee MS/3, Public Information Symbols. It was approved on behalf of the Council of Standards Australia on 1 July 1992 and published on 12 October 1992.

---

The following interests are represented on Committee MS/3:

Australian Road Research Board  
Bureau of Steel Manufacturers of Australia  
Communication Research Institute of Australia  
Confederation of Australian Industry  
Department of Transport, Queensland  
Latrobe University  
Roads and Traffic Authority, N.S.W.  
Surf Life Saving Association of Australia  
University of N.S.W.  
Victorian College of Optometry

---

***Review of Australian Standards.** To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.*

*Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.*

*Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.*

---

*This Standard was issued in draft form for comment as DR 91226.*
