

Australian Standard[®]

**Solvents—Mineral turpentine and white
spirit**

This Australian Standard® was prepared by Committee CH-002, Solvents. It was approved on behalf of the Council of Standards Australia on 7 September 2009. This Standard was published on 1 October 2009.

The following are represented on Committee CH-002:

- Australian Institute of Petroleum
 - Australian Paint Approval Scheme
 - Australian Paint Manufacturers' Federation
 - Australian Pesticides and Veterinary Medicines Authority
 - National Association of Testing Authorities Australia
 - Plastics and Chemicals Industries Association
 - Surface Coating Association of Australia
 - The Royal Australian Chemical Institute
-

This Standard was issued in draft form for comment as DR 09056.

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee and through the public comment period.

Keeping Standards up-to-date

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting www.standards.org.au

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at mail@standards.org.au, or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.
