

Australian Technical Specification

Technical Specification for plumbing and drainage products

Part 016: Cistern inlet valves

This Australian Technical Specification was prepared by Committee WS-031, Technical Procedures for Plumbing and Drainage Products Certification. It was approved on behalf of the Council of Standards Australia on 8 October 2004.

This Technical Specification was published on 6 January 2005.

The following are represented on Committee WS-031:

AUSTAP
Australian Electrical and Electronic Manufacturers Association
Australian Industry Group
CSIRO Manufacturing and Infrastructure Technology
Certification Interests (Australia)
Consumer Electronics Suppliers Association
Copper Development Centre—Australia
Gas Appliances and Services Association
Master Plumbers Australia
Master Plumbers and Mechanical Services Association of Australia
Master Plumbers, Gasfitters and Drainlayers New Zealand
National Fire Industry Association
New Zealand Water & Waste Association
Plastics Industry Pipe Association of Australia
Plumbing Industry Commission
South Australian Water Corporation
Water Services Association of Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Standards can be found by visiting the Standards Web Shop at www.standards.com.au and looking up the relevant Standard in the on-line catalogue.

Alternatively, the printed Catalogue provides information current at 1 January each year, and the monthly magazine, *The Global Standard*, has a full listing of revisions and amendments published each month.

Australian Standards™ and other products and services developed by Standards Australia are published and distributed under contract by SAI Global, which operates the Standards Web Shop.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at mail@standards.org.au, or write to the Chief Executive, Standards Australia, GPO Box 5420, Sydney, NSW 2001.
