

# Road vehicles — Unscreened high-voltage ignition cables — General specifications, test methods and requirements

ICS 43.060.50

## National foreword

This British Standard reproduces verbatim ISO 3808:2002 and implements it as the UK national standard.

The UK participation in its preparation was entrusted to Technical Committee MCE/9, Vehicle ignition equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
