

CONFIRMED
DECEMBER 1987

Methods for

Measurement of reflectance of rear view mirrors

UDC 629.113.0181:535.346.1

Foreword

This British Standard, which has been prepared under the direction of the Automobile Standards Committee, is based on ISO 5740 “*Road vehicles — Rearview mirrors — Test method for determining reflectivity*”.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

This British Standard, having been prepared under the direction of the Automobile Standards Committee, was published under the authority of the Executive Board on 28 February 1979
