

# Textiles — Tests for colour fastness —

Part N02: Colour fastness to  
bleaching —  
Peroxide

The European Standard EN ISO 105-N02:1995 has the status of a  
British Standard

## Committees responsible for this British Standard

The United Kingdom participation in the preparation of this British Standard was entrusted to Technical Committee TCI/25 Chemical properties, upon which the following bodies were represented:

Association of Consulting Scientists  
Association of Suppliers to the British Clothing Industry  
British Retail Consortium  
British Textile Confederation  
Chemical Industries Association  
Home Laundering Consultative Council  
International Wool Secretariat  
Mail Order Traders' Association  
Ministry of Defence  
National Wool Textile Export Corporation  
SATRA Footwear Technology Centre  
Soap and Detergent Industry Association  
Society of Dyers and Colourists  
Textile Finishers' Association  
Textile Research Council (FCRA)

Participation in the detailed technical work was undertaken by the Society of Dyers and Colourists.

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 June 1995
