

Plastics — Small enclosures for conditioning and testing using aqueous solutions to maintain the humidity at a constant value

The European Standard EN ISO 483:2005 has the status of a British Standard

ICS 83.200

National foreword

This British Standard is the official English language version of EN ISO 483:2005. It is identical with ISO 483:2005. It supersedes BS EN ISO 483:1999 which is withdrawn

The UK participation in its preparation was entrusted to Technical Committee PRI/21, Testing of plastics, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
