

Methods of test for petroleum and its products — BS 2000-475: Petroleum liquids — Manual sampling

(Identical with IP 475-2005)

The European Standard EN ISO 3170:2004 has the status of a
British Standard

ICS 75.080

National foreword

This British Standard is the official English language version of EN ISO 3170:2004. It is identical with ISO 3170:2004. It supersedes BS EN ISO 3170:1999 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PTI/13, Petroleum testing and terminology, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Energy Institute, under the brand of Institute of Petroleum publishes and sells all parts of BS 2000, and all BS EN petroleum test methods that would be part of BS 2000, both in its annual publication “Standard methods for analysis and testing of petroleum and related products and British Standard 2000 parts” and individually.
