...making excellence a habit.™

National foreword

This British Standard is the UK implementation of EN ISO 8015:2011. It supersedes BS ISO 8015:1985 which is withdrawn.

BSI, as a member of CEN, is obliged to publish EN ISO 8015:2011 as a British Standard. However, attention is drawn to the fact that during the development of this European Standard, the UK committee voted against its approval as a European Standard. The reason for the negative vote is the wording of clause 5.1 where the indication "Tolerancing ISO 8015" is optional. It is the UK committee's opinion that this indication should always be invoked in the marking of a Technical Product Specification which will be interpreted in accordance with ISO GPS systems. The UK participation in its preparation was entrusted to Technical Committee TDW/4, Technical Product Realization.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English Version

Geometrical product specifications (GPS) - Fundamentals - Concepts, principles and rules (ISO 8015:2011)

Spécification géométrique des produits (GPS) - Principes
fondamentaux - Concepts, principes et règles (ISO
8015:2011)

Geometrische Produktspezifikation (GPS) - Grundlagen -
Konzepte, Prinzipien und Regeln (ISO 8015:2011)

This European Standard was approved by CEN on 18 May 2011.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
