

Contact lenses and contact lens care products — Vocabulary —

Part 2: Contact lens care products

The European Standard EN ISO 8320-2:2001 has the status of a British Standard

ICS 01.040.11; 11.040.70

National foreword

This British Standard is the official English language version of EN ISO 8320-2:2001. It is identical with ISO 8320-2:2001. Together with BS EN ISO 8320-1, when published will supersede BS 3521-3:1988 which will then be withdrawn.

The UK participation in its preparation was entrusted by Technical Committee CH/78, Ophthalmic optics, to Subcommittee CH/78/4, Contact lenses and contact lens care products, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

Attention is drawn to the fact that CEN and CENELEC Standards normally include an annex which lists normative references to international publications together with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled "International Standards Correspondence Index", or by using the "Find" facility of the BSI Standards Electronic Catalogue.

This British Standard, having been prepared under the direction of the Health and Environment Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 August 2001
