

Geometrical Product Specification (GPS) — Surface imperfections — Terms, definitions and parameters

The European Standard EN ISO 8785:1999 has the status of a
British Standard

ICS 01.040.17; 17.040.20

National foreword

This British Standard is the English language version of EN ISO 8785:1999. It is identical with ISO 8785:1998.

The UK participation in its preparation was entrusted to Technical Committee TDE/4, Engineering drawing, Metrology, Precision measurement and other related documentation, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

Attention is drawn to the fact that CEN and CENELEC Standards normally include an annex which lists normative references to international publications with their corresponding European publications. The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled "International Standards Correspondence Index", or by using the "Find" facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

NOTE This is a special English language version of BS EN ISO 8785:1999 produced specifically for this CD ROM.

The hard copy form of BS EN ISO 8785:1999 consists of both English and French text and can be purchased from Customer Services.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, the EN ISO foreword page, the ISO title page, pages ii to iv, pages 1 to 18, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

Amendments issued since publication

Amd. No.	Date	Comments

This British Standard, having been prepared under the direction of the Consumer Products and Services Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 October 1999

Descriptors: geometrical product specifications, surfaces, surface condition, surface defects, imperfections, definitions, vocabulary.

English version

Geometrical product specification (GPS) — Surface imperfections — Terms, definitions and parameters (ISO 8785:1998)

Spécification géométrique des produits (GPS) — Imperfections de surface — Termes, définitions et paramètres (ISO 8785:1998)

Geometrische Produktspezifikation (GPS) — Oberflächenunvollkommenheiten — Begriffe, Definitionen und Kenngrößen (ISO 8785:1998)

This European Standard was approved by CEN on 26 May 1999.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
