

BSI Standards Publication

Water quality — Determination of dissolved anions by liquid chromatography of ions

Part 4: Determination of chlorate, chloride and chlorite in water with low contamination

National foreword

This British Standard is the UK implementation of EN ISO 10304-4:2022. It is identical to ISO 10304-4:2022. It supersedes BS EN ISO 10304-4:2000, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/3/2, Physical chemical and biochemical methods.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.

Supersedes EN ISO 10304-4:1999

English Version

**Water quality - Determination of dissolved anions by
liquid chromatography of ions - Part 4: Determination of
chlorate, chloride and chlorite in water with low
contamination (ISO 10304-4:2022)**

Qualité de l'eau - Dosage des anions dissous par
chromatographie des ions en phase liquide - Partie 4:
Dosage des ions chlorate, chlorure et chlorite dans des
eaux faiblement contaminées (ISO 10304-4:2022)

Wasserbeschaffenheit - Bestimmung von gelösten
Anionen mittels Ionenchromatographie - Teil 4:
Bestimmung von Chlorat, Chlorid und Chlorit in gering
belastetem Wasser (ISO 10304-4:2022)

This European Standard was approved by CEN on 8 January 2022.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
