

Gas cylinders — Gas cylinder valve connections for use in the microelectronics industry —

Part 2: Specification and type testing for valve to cylinder connections

The European Standard EN ISO 10692-2:2001 has the status of a
British Standard

ICS 23.020.30; 23.060.40

National foreword

This British Standard is the official English language version of EN ISO 10692-2:2001. It is identical with ISO 10692-2:2001.

The UK participation in its preparation was entrusted by Technical Committee PVE/3, Gas containers, to Subcommittee PVE/3/1, Valve fittings for gas cylinders, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this Subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, the EN ISO foreword page, the ISO title page, pages ii to v, a blank page, pages 1 to 6, the annex ZA and a back cover.

The BSI copyright date displayed in this document indicates when the document was last issued.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee and comes into effect on 6 September 2001

**Gas cylinders - Gas cylinder valve connections for use in the
microelectronics industry - Part 2: Specification and type testing
for valve to cylinder connections (ISO 10692-2:2001)**

Bouteilles à gaz - Raccords pour robinets de bouteilles à gaz pour l'industrie de la microélectronique - Partie 2: Spécifications et essais de type pour les raccords entre le robinet et la bouteille (ISO 10692-2:2001)

Ortsbewegliche Gasflaschen - Ventilanschlüsse für die Anwendung in der Mikroelektronik - Teil 2: Spezifikation und Typprüfung der Verbindungen Ventil/Flasche (ISO 10692-2:2001)

This European Standard was approved by CEN on 16 June 2001.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
