

Principles for selecting and using test persons for testing anthropometric aspects of industrial products and designs

The European Standard EN ISO 15537:2004 has the status of a
British Standard

ICS 13.110; 13.180

National foreword

This British Standard is the official English language version of EN ISO 15537:2004. It is identical with ISO 15537:2004.

The UK participation in its preparation was entrusted by Technical Committee PH/9, Applied ergonomics, to Subcommittee PH/9/4, Anthropometry and biomechanics, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.
