

# Fishing nets — Method of test for the determination of mesh size —

## Part 2: Length of mesh

The European Standard EN ISO 16663-2:2003 has the status of a British Standard

ICS 65.150

## National foreword

This British Standard is the official English language version of EN ISO 16663-2:2003, including Technical Corrigendum April 2006. It is identical with ISO 16663-2:2003.

The UK participation in its preparation was entrusted to Technical Committee TCI/77, Ropes, cordage and fishing nets, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
