

# Textile fabrics — Determination of antibacterial activity — Agar diffusion plate test

The European Standard EN ISO 20645:2004 has the status of a  
British Standard

ICS 59.080.30

## National foreword

This British Standard is the official English language version of EN ISO 20645:2004. It is identical with ISO 20645:2004.

The UK participation in its preparation was entrusted to Technical Committee TCI/80, Textiles — Chemical testing, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
