

Cryogenic vessels — Gas/material compatibility

ICS 23.020.40

Confirmed
March 2008

National foreword

This British Standard is the UK implementation of EN 1797:2001. It supersedes BS EN 1797-1:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/18, Cryogenic vessels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 August 2001

Amendments/corrigenda issued since publication

Date	Comments
30 November 2008	Addition of supersession information to national foreword

English version

Cryogenic vessels - Gas/material compatibility

Réceptifs cryogéniques - Compatibilité entre gaz et matériaux

Kryo-Behälter - Verträglichkeit von Gas/Werkstoffen

This European Standard was approved by CEN on 9 June 2001.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
