

Transportable gas cylinders — Specification for the design and construction of refillable transportable seamless aluminium and aluminium alloy gas cylinders of capacity from 0,5 litre up to 150 litre

The European Standard EN 1975:1999, with the incorporation of amendment A1:2003, has the status of a British Standard

ICS 23.020.30

National foreword

This British Standard is the official English language version of EN 1975:1999, including amendment A1:2003. It partially supersedes BS 5045-3:1984, which will be amended accordingly and be renumbered as BS 5045-8 to cover special portable applications.

The UK participation in its preparation was entrusted by Technical Committee PVE/3, Gas containers, to Subcommittee PVE/3/3, Transportable gas containers — Cylinder design and construction and testing a time of manufacture, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the Engineering Sector Committee, was published under the authority of the Standards Committee and comes in to effect on 15 May 2000

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 81 and a back cover.

10997 Corrigendum No. 1	June 2000	Supersession details amended in national foreword
14947	25 February 2004	Replacement of Annex G

ICS 23.020.30

English version

**Transportable gas cylinders – Specification for the design and construction of refillable transportable seamless aluminium and aluminium alloy gas cylinders of capacity from 0,5 litre up to 150 litre
(includes amendment A1:2003)**

Bouteilles à gaz transportables - Spécifications pour la conception et la fabrication de bouteilles à gaz rechargeables et transportables en aluminium et alliage d'aluminium sans soudure de capacité comprise entre 0,5 l et 150 l inclus
(inclut l'amendement A1:2003)

Ortsbewegliche Gasflaschen - Gestaltung und Konstruktion von wiederbefüllbaren ortsbeweglichen nahtlosen Gasflaschen aus Aluminium und Aluminiumlegierung mit einem Fassungsraum von 0,5 l bis einschließlich 150 l
(enthält Änderung A1:2003)

This European Standard was approved by CEN on 20 December 1998. Amendment A1 was approved by CEN on 3 November 2003.

CEN members are bound to comply with the CEN/GENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.
