**Aerospace series - Analysis of non-metallic materials
(cured) for the determination of the extent of
cure by Differential Scanning Calorimetry (DSC)**

National foreword

This British Standard is the UK implementation of EN 6064:2017.

The UK participation in its preparation was entrusted to Technical Committee ACE/65, Non-metallic materials for aerospace purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
