

**Harmonized system of quality assessment
for electronic components**

**Sectional specification:
Fixed inductors with ceramic
or ferrite core wound with
copper wire for RF circuits**

The European Standard EN 129200 : 1994, together with its amendment
A1 : 1995, has the status of a British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/51, Transformers, inductors, magnetic components and ferrite materials, upon which the following bodies were represented:

Federation of the Electronics Industry
Ministry of Defence
National Supervising Inspectorate — BSI PC

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on
15 January 1996

Summary of pages

The following table identifies the current issue of each page. Issue 1 indicates that a page has been introduced for the first time by amendment. Subsequent issue numbers indicate an updated page. Vertical sidelining on replacement pages indicates the most recent changes (amendment, addition, deletion).
