

Vitreous and porcelain enamels — Glass-lined apparatus for process plants —

Part 2: Designation and specification of resistance to chemical attack and thermal shock

The European Standard EN 15159-2:2006 has the status of a British Standard

ICS 71.120.10; 25.220.50

National foreword

This British Standard is the official English language version of EN 15159-2:2006.

The UK participation in its preparation was entrusted to Technical Committee STI/36, Vitreous enamel coatings, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

**Vitreous and porcelain enamels - Glass-lined apparatus for
process plants - Part 2: Designation and specification of
resistance to chemical attack and thermal shock**

Emaux vitrifiés - Appareils émaillés pour les installations
industrielles - Partie 2: Exigences de qualité

Emails und Emailierungen - Emailierte Apparate für
verfahrenstechnische Anlagen - Teil 2: Bezeichnung und
Festlegung der chemischen und
Temperaturschockbeständigkeit

This European Standard was approved by CEN on 12 June 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
