National foreword

This British Standard is the UK implementation of EN 60115-8:2012. It was derived by CENELEC from IEC 60115-8:2009. It supersedes BS EN 140400:2003 and BS QC 400600:1990 (dual numbered as IEC 60115-8:1989), which are withdrawn.

The CENELEC common modifications have been implemented at the appropriate places in the text and are indicated by a vertical line in the left margin of the text.

The UK participation in its preparation was entrusted to Technical Committee EPL/40X, Capacitors and resistors for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.
