### Lamp control gear

---

Part 2-3: Particular requirements for a.c. and/or d.c. supplied electronic control gear for fluorescent lamps

## National foreword

This British Standard is the UK implementation of EN 61347-2-3:2011, incorporating corrigendum October 2011 and including amendment A1:2016. It is identical to IEC 61347-2-3:2011, incorporating corrigendum September 2011 and including amendment 1:2016. It supersedes BS EN 61347-2-3:2011, which will be withdrawn on 28 April 2020.

The text of IEC amendment 1:2016 has been provided in its entirety at the beginning of this document. BSI's policy of providing consolidated content remains unchanged; however, in the interest of expediency, in this instance BSI have chosen to collate the relevant content at the beginning of this document.

The UK participation in its preparation was entrusted to Technical Committee CPL/34/3, Auxiliaries for lamps.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
