

BSI Standards Publication

Composite string insulator units for overhead lines with a nominal voltage greater than 1 000 V

Part 2: Dimensional and electrical characteristics

National foreword

This British Standard is the UK implementation of EN 61466-2:1998+A2:2018. It is identical to IEC 61466-2:1998, incorporating amendment 1:2002 and amendment 2:2018. It supersedes BS EN 61466-2:1999, which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to IEC text carry the number of the IEC amendment. For example, text altered by IEC amendment A1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee PEL/36, Insulators for power systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English Version

**Composite string insulator units for overhead lines with
a nominal voltage greater than 1 kV – Part 2: Dimensional
and electrical characteristics (IEC 61466-2:1998)**

Isolateurs composites destinés aux lignes
aériennes de tension nominale supérieure à
1 kV – Partie 2: Caractéristiques dimensionnelles
et électriques (CEI 61466-2:1998)

Verbund-Kettenisolatoren für Freileitungen mit
einer Nennspannung über 1 kV – Teil 2: Maße und
elektrische Kenngrößen (IEC 61466-2:1998)

This European Standard was approved by CENELEC on 1998-10-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
