Electrical installations for lighting and beaconing of aerodromes — Maintenance of aeronautical ground lighting constant current series circuits

National foreword

This British Standard is the UK implementation of EN 61821:2011. It is identical to IEC 618121:2011. It supersedes BS EN 61821:2003 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/97, Aeronautical ground lighting.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
