

BSI Standards Publication

## Rubber, raw — Determination of volatile-matter content

---

Part 2: Thermogravimetric methods using an automatic analyser with an infrared drying unit

## National foreword

This British Standard is the UK implementation of [ISO 248-2:2019](#). It supersedes [BS ISO 248-2:2012](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/50, Raw materials (including latex) for use in the rubber industry.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
