Fire-resistance tests — Elements of building construction

Part 2: Requirements and recommendations for measuring furnace exposure on test samples

National foreword

This British Standard is the UK implementation of [ISO 834-2:2019](#).

The UK participation in its preparation was entrusted to Technical Committee FSH/22/-/7, Non loadbearing separating elements.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
