

BS ISO 3771:2011
BS 2000-276:2011

BSI Standards Publication

Petroleum products — Determination of base number — Perchloric acid potentiometric titration method

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 3771:2011. It supersedes BS 2000-276:1995 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PTI/13, Petroleum Testing and Terminology.

A list of organizations represented on this committee can be obtained on request to its secretary.

Energy Institute, under the brand of IP, publishes and sells all Parts of BS 2000, and all BS EN petroleum test methods that would be Part of BS 2000, both in its annual publication "Standard methods for analysis and testing of petroleum and related products and British Standard 2000 Parts" and individually.

Further information is available from:

Energy Institute, 61 New Cavendish Street, London W1G 7AR. Tel: 020 7467 7100. Fax: 020 7255 1472.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
