

**Aerospace — Screws,  
100 degrees normal  
countersunk head,  
internal offset  
cruciform ribbed or  
unribbed drive,  
normal shank, short  
or medium length  
MJ threads, metallic  
material, coated or  
uncoated, strength  
classes less than or  
equal to 1 100 MPa —  
Dimensions**

ICS 49.030.20

## National foreword

This British Standard is the UK implementation of ISO 5856:2008.

The UK participation in its preparation was entrusted to Technical Committee ACE/12, Aerospace fasteners and fastening systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 October 2008
