

BSI Standards Publication

**Road vehicles — Sound signalling devices —  
Tests after mounting on vehicle**

---

## National foreword

This British Standard is the UK implementation of ISO 6969:2004+A1:2021. It supersedes BS ISO 6969:2004, which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee AUE/32, Electrical and electronic components and general system aspects (Road vehicles).

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
