

**Iron ores for blast furnace feedstocks —  
Determination of reduction under load**

---

## National foreword

This British Standard is the UK implementation of ISO 7992:2022. It supersedes BS ISO 7992:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee W/-, Consumer Products and Services Sector Policy and Strategy Committee.

A list of organizations represented on this committee can be obtained on request to its committee manager.
