BSI Standards Publication

# Rubber compounding ingredients — Stearic acid — Definition and test methods

**bsi.**

...making excellence a habit.™

**National foreword**

This British Standard is the UK implementation of ISO 8312:2015. It supersedes BS ISO 8312:1999 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/50, Rubber - Raw, natural and synthetic, including latex and carbon black.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
