

BSI Standards Publication

Technical systems and aids for disabled or handicapped persons — Wheelchair tiedown and occupant-restraint systems

Part 1: Requirements and test methods for all systems

National foreword

This British Standard is the UK implementation of ISO 10542-1:2012+A1:2021, incorporating corrigendum September 2013. It supersedes BS ISO 10542-1:2012, which is withdrawn.

ISO corrigendum September 2013 corrects Figure E.4.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee CH/173, Assistive products for persons with disability.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
