

Optics and photonics — Operation microscopes

Part 2: Light hazard from operation microscopes used in ocular surgery

ICS 11.040.30; 37.020

National foreword

This British Standard is the UK implementation of ISO 10936-2:2010. It supersedes BS ISO 10936-2:2001 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/172/6, Ophthalmic instruments.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2010.
